

Introducing USBShark™ USB Duplicator

USB Duplicator - Copies in a flash

TRUE Asynchronous USB Flash Duplication

Asynchronous Duplication:

Able to copy any size master data onto multiple sources asynchronously (independently) without sacrificing duplication speed or quality for faster and more reliable duplication.

Key Features

- ❖ Complete Standalone Operation: No PC required to operate the duplicator
- ❖ Smart Copy Feature: This feature is used to quickly copy all accessible content contained on the USB device
- ❖ Supports all data Formats with bit by bit duplication
- ❖ Supports all currently available USB drive: Supports all currently available USB drive in the market
- ❖ Future functions upgradeable through firmware Duplicator is able to be upgraded by future firmware updates
- ❖ Secure Erase: Fully erase the USB device without the data being recovered
- ❖ Multi-Language capability: The text on the LCD screen can be displayed in English, Spanish, French, Japanese & more. Chinese can be added upon request

Model	USBShark™ USB DUPLICATOR			
Operating Type	Stand-Alone			
Targets	3	7	11	15
Buffer Memory	128MB			256MB
Account Management	32 users (Standard License) or 64 users (Premium License)			
Smart Copy	Yes			
Auto Counter	Yes			
File System Supported	All			
Max USB Size Support	Unlimited			
Language Support	English, Spanish, French, Japanese & more. Chinese can be added upon request			
Display	20 x 2 BLUE LCD			
Status LED	Green/Red LED on each port			
Color	Black			
Maximum Read Speed	33MB/Sec			
Maximum Write Speed	31MB/Sec			
USB Flash Drives Supported	All USB 2.0/1.1 Flash Drive			
Firmware Upgradable	Yes			
Power Supply	Input : 90 ~ 240 V AC			
Operating Humidity	20% ~ 80%			
Temperature Extremes	40°C (104°F) / 5°C (41°F)			
Regulations	FCC, CE, RoHS			
Manufacture	Vinpower Digital			

Additional Features

- ❖ Account management (password protection) This function will authorize only specific user(s) to operate the duplicator with their preferred settings. Able to assign numerous passwords for multiple users
- ❖ Auto-Counter Technology: Displays the total number of discs successfully copied compared to desired output for each project
- ❖ User friendly interface with 'easy-to-read' LCD display Offers easy to recognize and use terms and operations on the LCD display for simple usage
- ❖ Aluminum Case used to provide a highly functional and attractive exterior: Duplicator casing available in midnight black aluminum casing
- ❖ Fast Key Support: 4 fast keys for faster operations
- ❖ Power on Self Diagnostics: Keeps the duplicator functioning optimally.
- ❖ Device Info Feature: Provides the detail information of the USB device
- ❖ USB Prescan Feature: Able to scan the source USB device for physical reading error
- ❖ Continuous copying without waiting for cool down No need to stop the duplicator for fear of overheating

Important Notice: The actual reading/writing speed may vary depends on actual USB device.

Throughput Capacity Per Hour

Target	3	7	11	15
USB Size: 512MB*	420	980	1540	2100
USB Size: 1 GB*	210	490	770	1050
USB Size: 2GB*	105	245	385	525
USB Size: 4GB*	51	119	187	255

*at 20MB/Sec duplication speed
